TECH SKILLS

- HTML, CSS(Tailwind)
- React (Advanced)
- ASP.NET CORE
- ASP.NET MVC
- Next.js (Advanced)
- Node.JS (Nest.js)
- SpringBoot
- PostgreSQL, MySQL
- Version Control (Git) and Github
- Database management
- Linux

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking
- Disciplined

LANGUAGES

- Amharic (Native)
- English (Fluent)

PROFILE

.NET Full-Stack Developer with experience building modern web applications using ASP.NETCore, React, Next.js, SQLServer, and PostgreSQL. Skilled in designing RESTfulAPIs, scalable backend services, and responsive frontend applications. Experienced in leveraging modern AI tools and LLM technologies to accelerate development, improve productivity, and build intelligent software solutions, including AI-powered business applications. Strong foundation in software architecture, clean code practice, and continuous learning, with the ability to quickly adapt to new technologies and frameworks.

EDUCATION

Bachelor of Software Engineering

2014 - 2018

Debre BerhanUniversity

GPA: 3.56 / 4.0

Exit: 80 /100

PROJECTS

Web based Project Management System

A collaborative platform designed to streamline project planning, execution, and tracking through real-time updates and task management.

Technologies Used: ASP.NET Core 9, React.js, PostgreSQL, Tailwind CSS

Intelligent Assistant Chatbot for ERP System

An AI solution for ERP systems enabling NL and real-time analytics.

Technologies Used:ASP.NET Core 9, React.js, Python, SQLServer,Chroma DB

BestStore E-Cmmerce Platform

A scalable e-commerce platform with secure payments, inventory management, and a comprehensive admin dashboard.

Technologies Used: ASP.NET Core MVC, Bootstrap and SqlServer

Student Performance Indicator

Mobile app with web dashboard which rewrite your subconscious, track progress, and achieve meaningful change every day.

Technologies Used: Python, Jupyter, ML

Attendance Manager App

A mobile app for attendance tracking with real-time sync, reporting, and an intuitive interface for educational institutions.

Technologies Used: java, SQLite

ACHIEVEMENTS & EXPERIENCE

- Recognized for academic excellence, consistently maintaining a GPA of 3.6/4.0 throughout my university studies.
- Scored 80/100 on Ethiopia's National Exit Exam for Software Engineering, recognized as an Outstanding Performance.
- Completed a 4-month internship at RedCloud Business Solution, where I contributed to a web application development project using .net, and SQLServer, react.js.
- Worked as a full-stack software developer for final year project, contributing to both frontend and backend development using modern technologies and frameworks.
