TECH SKILLS

- HTML, CSS(Tailwind)
- java script
- React
- ASP.NET MVC
- ASP.NET Core
- java
- Python
- SQL Server
- PostgreSQL, MySQL
- Version Control (Git) and GitHub
- Database management

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking
- Disciplined

LANGUAGES

- Amharic (Native)
- English

PROFILE

Software Engineering graduate with experience building end-to-end web applications, delivering scalable backend services, RESTful APIs, and responsive user interfaces. Strong foundation in software architecture, clean code principles, and translating business requirements into maintainable solutions. Experienced in leveraging AI development tools to accelerate delivery, improve code quality, and solve complex problems efficiently. Quick to learn new technologies and adapt to evolving project requirements, with a practical, solutions-oriented approach to software development.

EDUCATION

Bachelor of Software Engineering

2022 - 2026

Debre Berhan University

GPA: 3.57/ 4.0

Exit: 78.75/100

PROJECTS

Web based Project Management System

A collaborative platform designed to streamline project planning, execution, and tracking through real-time updates and task management.

Technologies Used: ASP.NET Core 9, React.js, PostgreSQL, Tailwind CSS

Intelligent Assistant Chatbot for ERP System

An AI solution for ERP systems enabling NL and real-time analytics.

Technologies Used: ASP.NET Core 9, React.js, Python, SQLServer, ChromaDB

E-Cmmerce Platform

A scalable e-commerce platform with secure payments, inventory management, and a comprehensive admin dashboard.

Technologies Used: ASP.NET Core MVC, Bootstrap and SqlServer

Student Performance Indicator

A machine learning application that predicts student academic performance based on demographic, behavioral, and educational factors.

Technologies Used: Python, Jupyter, ML

Attendance Manager App

A mobile app for attendance tracking with real-time sync, reporting, and an intuitive interface for educational institutions.

Technologies Used: java, SQLite

ACHIEVEMENTS & EXPERIENCE

- Recognized for academic excellence, consistently maintaining a GPA of 3.57/4.0 throughout my university studies.
- Scored 78.75/100 on Ethiopia's National Exit Exam for Software Engineering, recognized as an Outstanding Performance.
- Completed a 4-month internship at RedCloud Business Solution, where I contributed to a web application development project using .net, and SQLServer, react.js.
- Worked as a full-stack software developer for final year project, contributing to both frontend and backend development using modern technologies and frameworks.
